

global warming wikipedia in gujarati

Tue, 05 Feb 2019 14:49:00 GMT global warming wikipedia in gujarati pdf - Global warming is a long-term rise in the average temperature of the Earth's climate system, an aspect of climate change shown by temperature measurements and by multiple effects of the warming. The term commonly refers to the mainly human-caused observed warming since pre-industrial times and its projected continuation, though there were also much earlier periods of global warming. In the modern context the terms global warming and climate change are commonly used interchangeably, but climate c Sat, 16 Feb 2019 13:46:00 GMT Global warming - Wikipedia - Calculations of global warming prepared in or before 2001 from a range of climate models under the SRES A2 emissions scenario, which assumes no action is taken to reduce emissions. The geographic distribution of surface warming during the 21 st century calculated by the HadCM3 climate model if a business as usual scenario is assumed for economic growth and greenhouse gas emissions.
